CLINCH THAT MADE MILEY SMILEY!

OH MY, Miley! It looks like “Wrecking Ball” singer Miley Cyrus, 22, is deeply embracing her recently revealed bisexuality. She was caught in a passionate kiss on June 30 with Victoria’s Secret model Stella Maxwell, 24, who kept a firm grip on Miley’s twerk-tastic butt!

Miley’s dated Nick Jonas and Patrick Schwarzenegger, and was engaged to Liam Hemsworth for more than a year, but she’s recently said: “I am literally open to every single thing that is consenting and doesn’t involve an animal and everyone is of age.”

She also told her conser-

vative mom, Tish, about her attraction to girls way back when she was 14 and starring in “Hannah Montana.”

“I remember telling her I admire women in a different way. I said, I love them. I love them like I love boys,” Miley recalled.

The “Can’t Be Tamed” singer got hot and heavy with model Stella

THESE bombshell photos are the final nail in the coffin of reality star Kourtney Kardashian’s toxic relationship with serial cheater Scott Disick.

The National ENQUIRER caught dad-of-three Scott, 32, red-handed and in the final act of humiliation – with a gaggle of party girls on a private yacht in the south of France!

It followed a brutal argument between the pair during which Kourtney, the eldest Kardashian sister, told drug-troubled Scott “to get the hell out” of their Calabasas, Calif., home, sources told The ENQUIRER.

He then flew straight to St. Tropez for a bender of debauchery.

“This is the final betrayal,” a family insider confided.

She goes ballistic after photos emerge of Scott fooling around with hotties in France

Kourtney played solo mom again as her longtime beau lived it up in St. Tropez

“When she saw these photos, Kourtney told Scott to ‘drop dead.’ If there was any chance they could reconcile, it’s now shot.”

In a series of incriminating photographs, the dad of 5-year-old Mason, 2-year-old Penelope, and 7-month-old Reign didn’t seem to have a care in the world.

He was spotted with at least five different women, in-

cluding one Kardashian clan look-alike who sported denim cutoff shorts and a revealing black swimsuit.

“That’s just the way Scott likes them,” said a source.

On board the yacht, he “held the woman’s arm and they appeared to share a private joke,” reported a spy.

If that wasn’t painful enough for Kourtney, when Scott got back to shore, he rushed to

enjoy the company of more beach babes!

This is not the first time Scott has been caught cheating: Late last month, it was revealed the wild man had sex with a woman during a rendezvous in a New York hotel.

Photos showed the TV hunk partying with the brunette beauty – a wild romp that reportedly included cocaine and Xanax.

“She [the mistress] stayed and slept at the hotel ... and took care of him while he was drunk and on drugs,” a source said.

Long-suffering Kourtney, 36, “kept calling” during the trysts, “but Scott wouldn’t answer,” the onlooker added. **NE**

DIAZ DOWN IN THE DUMPS!

Cameron's desperate for a baby, but it's just **NOT** happening

CAMERON Diaz is "totally heartbroken" after putting her career on hold for a so far unsuccessful plan to get pregnant!

But the actress, 42, and her musician husband, Benji Madden, aren't giving up on their dream of becoming a family.

"Cameron and Benji have been trying for a baby ever since they said 'I do' in January," an insider told The National ENQUIRER.

"She's devastated that it hasn't happened yet!"

Benji, 36, has been incredibly positive and supportive,

Cameron and Benji are aunt and uncle to his twin brother's kids with Nicole Richie

added the source – but he's worried that his wife is being too hard on herself.

"She knows how much he wants kids, and she feels like a failure!"

Cameron is also stricken with

fears that she may be too old for motherhood.

"With each passing month comes more heartache ... she's taking it hard," said the friend.

"They're considering in vitro fertilization if they need to, but Cameron's worried she's running out of time."

Benji, however, doesn't see anything wrong with getting help conceiving, and is already pushing for Cameron to start IVF treatments.

"One way or another, they're determined to have a family of their own," the insider told The ENQUIRER.

REESE Witherspoon and Sofia Vergara are locked in a brutal blame-fest after their awful buddy comedy "Hot Pursuit" was savaged by critics and bombed at the box office!

The stars are at each other's throats over the film's flop, and Reese's husband, agent Jim Toth, is stuck in the middle – because he represents both beauties!

"Sofia and Reese have turned the movie's failure into a brutal blame game," said an insider.

"Reese blames Sofia's accent and 'irritating laugh,' while Sofia blames Reese for not being sexy or funny enough.

"Jim is desperately trying to broker peace between them, but then they start accusing him of playing favorites! He can't win."

Reese, 39, was a producer on the film, while Sofia, 42, was a co-producer, and they're both "devastated" at its failure, said the source.

Reviews for the comedy were ferocious, blasting Reese's portrayal as "forced," and "Modern Family" sexpot Sofia's as "irritating."

One critic wrote: "A laugh could die of loneliness in this shrill, slapstick buddy farce. The proven comic gifts of Witherspoon and Vergara have gone MIA."

Even worse, the odd-couple flick barely earned back its \$35 million production budget!

Meanwhile, Sofia had hoped "Hot Pursuit" would lead to big-screen stardom.

"Sofia has a love/hate relationship with 'Modern Family,'" added a source.

"Sofia was hoping to have some kind of leverage for next season's contract negotiations, but because 'Hot Pursuit' was such a turkey, she needs the show more than ever."

Britney Spears and **Iggy Azalea** collaborated on the song "Pretty Girls," but the fallout has not been pretty. When the record bombed, Iggy lashed out at Britney for not promoting the song. Brit snapped back, saying she can't wait to get back to her Las Vegas residency and was thankful she had shows to perform - an obvious dig at Iggy, whose summer tour was recently canceled.

MARTHA vs. GWYNETH

Domestic diva **Martha Stewart** sniped at Goop guru **Gwyneth Paltrow**, saying: "If she were confident in her acting, she wouldn't be trying to be Martha Stewart." Gwynnie snarked she was "so psyched" Martha felt the competition. Martha responded with a magazine feature on dessert tips headlined "Conscious Coupling," a direct slam at Gwyneth's weird divorce announcement.

Out-of-control TV host is on a one-way ticket to rehab, pals fear

AFTER Jimmy Fallon shredded his hand and nearly severed his finger during a night of outrageous partying, close friends are terrified the “Tonight Show” host is headed for a booze and drug disaster!

“Jimmy’s now married with two kids but he’s still acting like an out-of-control frat boy. At 40, he faces deadly consequences if he doesn’t slow down,” a source told The National ENQUIRER.

While Jimmy’s drinking has long been legendary, The ENQUIRER has now learned of a

disturbing past drug incident.

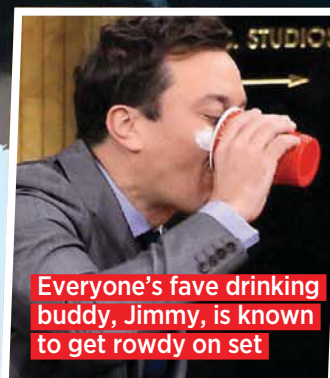

An eyewitness who bumped into a scary-looking Jimmy backstage at Manhattan’s Roseland Ballroom in October 2008 said: “He was a mess, all gray and sweaty, stumbling around by himself.

“He turned to me, and without saying hello, or introducing himself, said he’d just taken a significant quantity of LSD! He was slurring his words and could hardly get a sentence out!”

THE FORMER “Saturday Night Live” star gained a reputation for raucous revelry long before he ascended to Johnny Carson’s old “Tonight Show” throne in February 2014.

Long-suffering wife Nancy, 48, with one of the couple’s two kids

Everyone’s fave drinking buddy, Jimmy, is known to get rowdy on set

Jimmy’s a regular at several late-night Manhattan hot spots.

During an after-work drinking session at Niagara in the East Village on April 10, 2014, Jimmy got caught up in a bar-room brawl. Just two days later, he was seen partying and buying vodka shots for patrons at a bar in Chelsea.

Earlier this year, Jimmy led a drunken sing-along of “Grease” tunes at a gay bar, Marie’s Crisis Cafe, in the West Village.

Another time, in the early morning at a seedy East Village bar, “Jimmy was so polluted from the booze that one minute he’s playing air hockey and the next he’s prac-

tically passed out on the dirty floor,” said another source.

Jimmy has admitted that as a teenager, he often knocked back one beer after another while watching TV. “As long as I wasn’t doing anything at night, I’d just sit by myself, and I would have a six-pack of Pabst,” he recalled.

ON JUNE 25, Jimmy’s partying took an ominous and bloody turn when he underwent emergency hand surgery at a New York City hospital following a night of carousing that began at the Italian eatery Scalinatella. While Jimmy left the restaurant around 9 p.m., our insider revealed he headed directly

ALLON'S GLSD SION!

to a bar, where he partied until 3 a.m. – and posed for selfies with comely young female fans.

Hours later, Jimmy canceled that day's "Tonight Show" taping, claiming he'd tripped at home, catching his wedding ring on a table and nearly ripping off a finger.

Jimmy's publicist Claire Mercuri denied that incident was alcohol-related. Additionally, she vehemently denied the past LSD incident, saying the source's claims are "100 percent untrue."

However, a friend of the entertainer told The ENQUIRER that Jimmy's wife, Nancy Juvonen, "has had enough of him coming home boozed up after nights out."

The couple wed in 2007 and have two young girls born via a surrogate. Frances arrived last December, and big sister Winnie turns two on July 23.

Added the pal: "Jimmy better clean up his act – and fast or he's going to find himself in rehab, and that's not a party he wants to attend!"

Great-grandad **JAGGER, 72,** 'in love' with **MODEL, 26!**

MICK Jagger is playing with fire by getting satisfaction from a 26-year-old model!

The 72-year-old singer is touring with the Rolling Stones – and cheating on girlfriend Melanie Hamrick, 28, with Slavic beauty Masha Rudenko!

"Mick is in love again," a band insider told The National ENQUIRER.

"He's crazy about Masha!"

But Melanie won't be the only person flipping out over Mick still acting like a teen heartthrob!

It's only been 14 months since Mick's late girlfriend, fashion designer L'Wren Scott, hanged herself in her New York condo – and L'Wren's family was already upset that Mick had moved on with Melanie!

"It's a terrible thing for Mick to have done," L'Wren's sister Jan said.

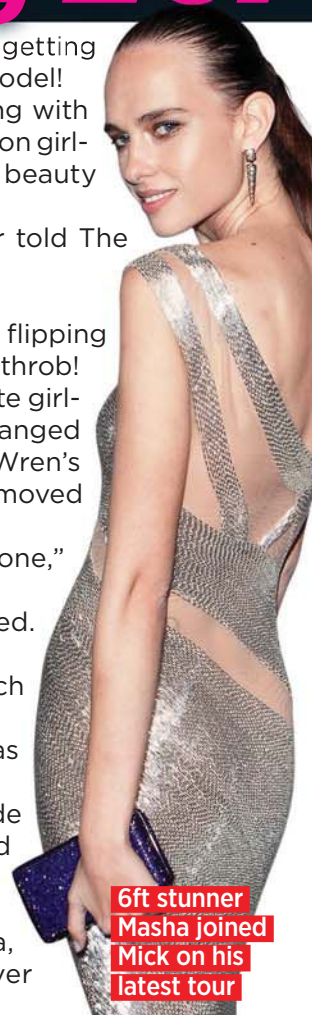

"His life goes on as if nothing happened. But a huge part of our family is missing!"

L'Wren's family also won't have much sympathy for the unsuspecting Melanie!

Dished the insider: "So far, Melanie has no clue about Masha, who's living in L.A."

"Meanwhile, Masha thinks Mick has made her his actual girlfriend. He's wine and dined her and paid for everything – flying her first-class and putting her up in style."

"Once Melanie finds out about Masha, there's going to be a fierce battle over Mick!" **NE**

THE beat no longer goes on for Cher.

The freaked-out diva has become obsessed with her late ex-husband, Sonny Bono, and believes she'll join him soon, shocked pals told *The National ENQUIRER* in a bombshell world exclusive.

"Cher truly believes the end is near for her," said a family pal. "I've never seen anything like it! She's scaring the hell out of everyone."

According to the source, the 69-year-old showbiz legend spends most of her time revisiting her past with Sonny, her longtime performing partner who died on Jan. 5, 1998, at the age of 62.

"It's all about Sonny nowadays," said the source.

Most disturbing of all, "she's been paying secret visits to Sonny's grave and giving away many of her possessions," added the source.

Sonny and Cher were married from 1964 to 1975, and charted six Top 10 hits, including the classics, "I Got You Babe" and "The Beat Goes On."

He was killed in a horrible skiing accident in Nevada and

Despondent Cher is a frequent visitor to Sonny's gravesite

is buried near Palm Springs, Calif., where he served as mayor and later was elected to Congress.

"Cher goes to his gravesite with flowers and comes back all weepy and looking like death warmed over," said the source. "She's even cried, 'I'm ready to be with Sonny again.'"

AS THE ENQUIRER reported in April, the Oscar-winning "Moonstruck" star - who is worth a reported \$320 million - is suffering from both physical ailments, and the stress of a turbulent personal life.

At the time, she was also dealing with her disastrous D2K concert tour, which was plagued by infighting, lawsuits and medical woes that left a "devastated" Cher canceling 23 shows.

Dealing with her children has also taken a debilitating toll on the "Mask" star, insiders said.

Last year Cher forced her estranged son, Elijah Blue Allman, and his new bride to leave her Malibu home, which she believes is haunted by Sonny.

She's also deeply concerned that her transgendered and outspoken son, Chaz, could be a target by appearing at gay pride rallies.

MEANWHILE, the "Believe" singer's longtime battle with the Epstein-Barr virus has wreaked havoc on her heart and kidneys.

At the time of her first bout with the viral infection - during which she vanished for five months in the early

LOVESICK CHAZ'S 20-YEAR HEARTACHE

Still reeling from
the death of his
babysitter
turned lover

TRANSGENDERED hero Chaz Bono remains haunted by the death of his first lesbian love and is living alone with a broken heart, sources told The National ENQUIRER.

"Chaz was still Chastity when he fell in love for the first time," an insider revealed. "Chastity had a lesbian affair with someone who was much older - and never got over it."

The woman in question was his child babysitter, Cher's close friend Joan Stephens, who died at age 47 in 1994 of non-Hodgkin's lymphoma.

"Joan had served as a babysitter for her two children, Chastity and Elijah Blue," said the source.

"Years later, a lesbian love affair between Chastity and Joan bloomed. When Joan got sick, Chastity became her caregiver till the end."

But after Joan's death, an anguished Chastity could barely function.

Confided the pal: "It was a horribly bleak time."

In 2002, Chastity - still female at the time - confessed to The ENQUIRER that Joan's

death directly contributed to a temporary addiction to Vicodin painkillers - and revealed how her death inspired her to become a gay advocate.

But, said an expert, that enduring grief may also prevent Chaz from forming a long-lasting relationship.

"It's an extremely understandable supposition to make," nationally known psychologist and relationship expert Dr. Judy Kuriansky told The ENQUIRER.

"This woman babysat for Chaz - and with Cher frequently gone a lot of the time, this person could have become like a mother.

"Early childhood affections and attachments to the most critical person in the child's life have a definitive impact on the later love relationships the child can - or cannot - form."

Although the 46-year-old has been in three relationships since Joan's death, they both ended short of the altar.

PRISON ESCAPEE SQUAWKING LIKE A CANARY!

Stunned by shooting of his cohort, David Sweat rats out jail workers

THE future looked grim for captured con David Sweat after he was shot in the chest and dragged back into police custody.

But it may be a lot worse for the Clinton Correctional Facility employees who allegedly helped him escape, especially if Sweat continues to sing like a canary!

"David Sweat will be a key witness against Gene Palmer and Joyce Mitchell," a source exclusively told *The National ENQUIRER*.

The pair purportedly provided Sweat and his accomplice, Richard Matt, with the tools that helped the convicted murderers tunnel to freedom in a "Shawshank Prison Break."

Mitchell also allegedly repeatedly sexually serviced both Sweat, 35, and Matt, who was shot and killed on June 26.

Sweat has already revealed that he and his partner, who have received more than 1,000 fan letters, planned

the spectacular bustout for six months, even executing a dry run the night before their escape on June 6.

Sweat even told cops that he dumped

shots fired by a border patrol agent.

Sweat's admissions have led to the suspension of 12 employees, including Superintendent Steven Racette.

"Sweat's concern is he doesn't want to be locked up in solitary for the rest of his life," said the source.

He is expected to be sent to New York's notorious Sing Sing prison.

"He will be a very compelling witness, and will be bad news for Joyce's case," the source added.

The prison seamstress has admitted to helping the prisoners plan their escape while they worked in her shop, and even agreeing to be their getaway driver before getting cold feet.

She remains behind bars on \$200,000 bond, while Palmer is free on \$50,000 bail. Both have pleaded not guilty for their alleged roles in the escape.

The source added: "Both must be terrified about what Sweat has to say!" **NE**

AFFLECK AT RISK OF SPINNING OUT OF CONTROL!

Pals fear a return to his
hazy, crazy days

THIS divorce could turn deadly!" That's the chilling warning from Ben Affleck's closest pals, who believe the superstar - who wrecked his marriage to Jennifer Garner - will relapse and face the same demons that sent him to rehab in 2001!

"Ben's under more pressure now than he was when drugs and alcohol were ruining his life," an insider told The National ENQUIRER.

"He's got three kids, so this divorce isn't going to be easy.

"For the sake of the children, he's even going to be living at the family home in a guest house for the time being - seeing Jen coming and going!"

Ben, 42, and Jennifer, 43, confirmed The ENQUIRER's world-beating reports of an impending divorce on June 30 - a day after the celeb couple's 10th anniversary.

"After much thought and careful consideration, we have made the difficult decision to divorce," they said in a joint statement.

"We go forward with love and friendship for one another and a commitment to co-parenting our children."

The two are parents to three

kids: Violet, 9, Seraphina, 6, and 3-year-old Samuel.

Said the source: "Ben never really stopped drinking and gambling. Should he fall back on his vices, this divorce could turn deadly!"

As The ENQUIRER exclusively reported in our Aug. 21, 2001 issue, Ben's inner circle once staged an intervention to get him into rehab.

The high-flying star was so drugged up even Charlie Sheen stepped in to get him sober! Concerned friends had arranged the intervention at the high-class Shutters hotel

in Santa Monica - and asked Charlie to help. Said the insider: "Ben hadn't drawn a sober breath in weeks."

Hollywood's biggest party animal convinced the Oscar-winning actor to check into the Promises facility in Malibu, Calif. - an exclusive drug and alcohol rehab center, and the same center where Charlie had once gotten sober.

"Charlie Sheen saved Ben's life - no doubt about it," a source said at the time.

"When Charlie saw the state Ben was in, it really hit a nerve.

"He told a pal afterward, 'It

was like I was looking at myself five years ago. I knew exactly what Ben was going through - and I knew he needed help right away!"

Another Affleck insider had told The ENQUIRER: "Ben had been on a downward spiral for months prior to his admission into rehab. His world had become a blur of vodka and high-stakes casino bets!"

Friends now fear that Ben will relive the worst days of his sordid past.

His pal said: "A down-in-the-dumps Ben could spiral out of control all over again!"

THE ENQUIRER was first to break the news of Ben & Jen's marital woes - six weeks ago! In May we exclusively reported Ben ditched his wedding ring and went to Canada. In mid-June we said the divorce would be announced within weeks. Our top sources in Hollywood were right! BEN'S BEVY OF BABES!

WITH Ben Affleck heading for the bachelor life again, The ENQUIRER has compiled a list of Ben's babes – the women he's loved, lusted over and cheated with!

During his marriage to Jennifer Garner, Ben's flirtations included Blake Lively, Emily Ratajowski and Anna Kendrick – his co-stars in "The Town," "Gone Girl" and the upcoming "The Accountant."

He also had a "too-close-for-comfort" encounter with British actress Hayley Atwell in 2008 during a dinner in London for his brother, Casey.

Before marrying Jen, the actor's headline-making "Bennifer" romance with Jennifer Lopez ended when the couple pulled the plug on their planned 2003 wedding.

A big reason for the split was his affair with stripper Tammy Morris, revealed exclusively by The ENQUIRER. When asked for her reaction to Ben's marriage woes, Tammy told us: "Once a cheater, always a cheater!"

In the late '90s, Ben ro-

manced his "Shakespeare in Love" co-star Gwyneth Paltrow, and lusted after Sandra Bullock when they filmed the 1999 flick "Forces of Nature."

He also swooned over sexpot Salma Hayek after dancing with her at Cannes that same year. Then there were rumors Ben hooked up with a busty, blonde well-known TV actress.

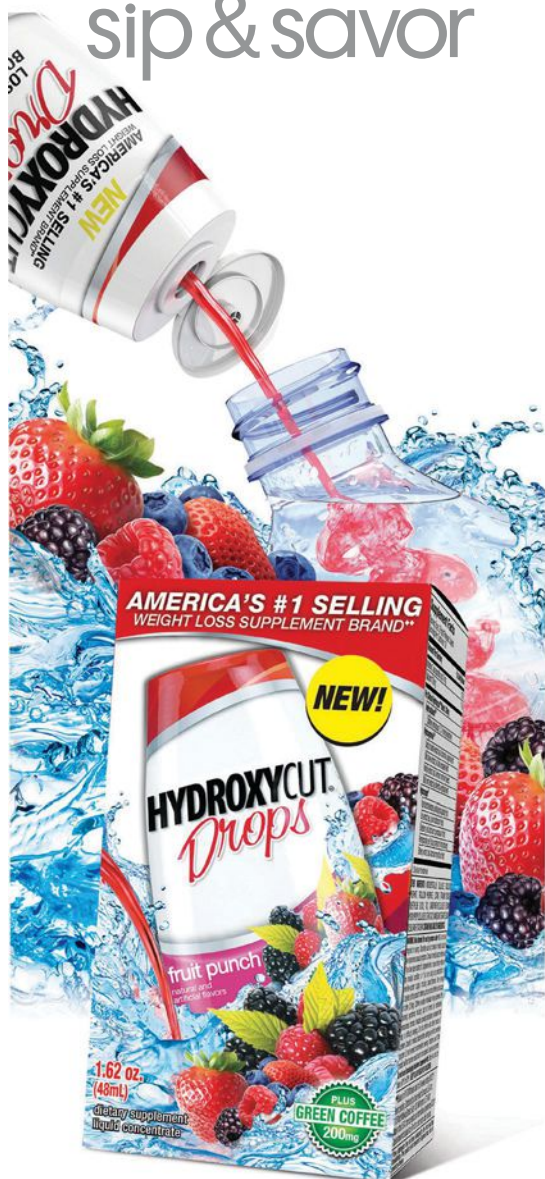

After Jerry Seinfeld's split with Shoshanna Lonstein, Ben tried to romance the New York knockout, and in 2000 he flirted with "Survivor" contestant Colleen Haskell at Whiskey Bar.

While on-off with Gwyneth, Ben got cozy with pop tart Britney Spears, who admitted he was her longtime crush.

Sources also said Ben had conquests with some not-so-famous ladies. They include a hottie he lured away from a movie set and went "skinny dipping" with in a lake, another cutie he found on a snorkeling trip to the Virgin Islands and a hot waitress who served him a meal in Canada. **NE**

CHER: READY TO DIE!

CONTINUED FROM PAGE 9

1990s – Cher told a friend: “This disease makes me feel bone-weary, deeply depressed – and as though all my muscles have turned to Jell-O!”

As The ENQUIRER reported at the time, her publicist told us that doctors had outfitted her with a heart monitor after continuing kidney woes.

When contacted about the specific allegations in this story, her spokesperson Liz Rosenberg told The ENQUIRER that Cher had fully recovered and any claims that she’s headed for an early grave were false and inaccurate.

BUT RECENT photographs of a somber Cher on a visit to St. Tropez were telling: She had to be supported by friends who firmly grasped her arms, believing she was close to collapse.

“Cher’s been there before and always loved it. But she regrets never having visited with Sonny,” said the source.

“They planned on going a number of times, but something always happened.

“Now, Cher wanted to go with Sonny on her mind. She’s calling it the visit she and Sonny ‘always wanted but never had.’ It’s heartbreaking.”

Despite the trip, the frustrated entertainer has confined herself to her Malibu mansion.

“Cher has a golf cart that she loves,” said one local.

“She used to be seen driving [it] around Malibu with a hat and glasses. She would wave to people and chat, but those little rides seem to be a thing of the past.”

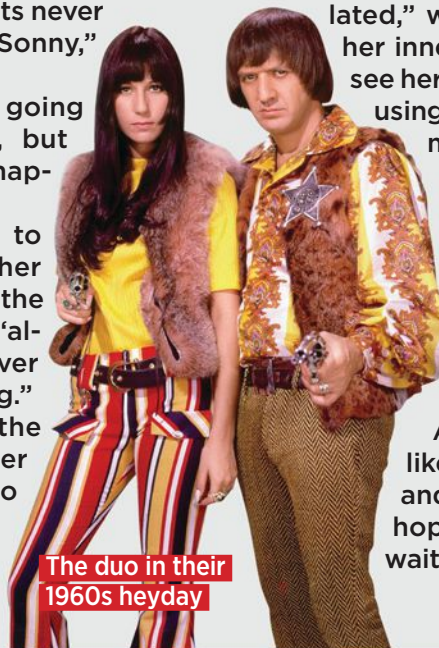

OTHER MALIBU sources told The ENQUIRER that Cher seems “very isolated,” while former members of her inner circle are saddened to see her spending her days in bed using a laptop to rant on social media about politics.

“Her management even went to Cher to say she’s got to tone it down, because she’s coming across as angry,” another source said. “But she told them to f--k off.”

Added the friend: “It’s like Cher knows it’s all over, and she’s ready to go. She’s hoping Sonny will be there waiting for her in Heaven.” **NE**

ANGIE STAM IN THE HE

Brad reveals
he **STILL**
loves his
ex-fiancée

C HEATING Brad Pitt has devastated wife Angelina Jolie after 11 months of marriage - with the stunning confession that he still has deep feelings for the ex-fiancée who cheated on him!

Brad recently told his wife he'd like to reconnect with Jill Schoelen, who stole - and broke - his heart after they met on the set of a low-budget film in 1988, sources told The National ENQUIRER.

"The truth is Brad's never gotten over Jill," a friend revealed. "She's always going to be the one that got away! He still has all the love letters they sent to each other, and these old pictures which he's kept safe for more than 25 years!"

Brad's temptation is strong - his lost love is still beautiful, now divorced and living less than 10 miles from the power couple's mansion in Los Feliz, Calif., The ENQUIRER has learned.

Adding to Angie's angst, Brad's fickle old flame bears a strong resemblance to his

"Jill was kind of the original Angie of the '80s," one family friend told The ENQUIRER. "Look at pictures of the two of them, and there are uncanny similarities. They're both stunning dark-haired women!"

What's more, Angie is deeply worried 51-year-old Brad and Jill have something else in common: Jill's own roving eye was the reason that she ended their engagement - she dumped Brad while off

Brad previously recalled: "She called me up in L.A. and was crying on the phone. She was lonely and there was a huge drama.

"At this point, I had \$800 to my name – and I spent \$600 of it getting a ticket from Los Angeles to Hungary to see her.

"I got there, went straight to the set where she was filming, and that night we went out to dinner. She told me she had fallen in love with the director of the film.

I was so shocked, I said, 'I'm outta here!'"

Brad spent the night sleeping amid drunken homeless men in a Budapest train station.

He recounted: "It was one of my worst moments. You don't forget something like that, and maybe I've never quite gotten over the feeling of humiliation."

Brad and Jill, now 52, were aspiring stars when they met on the set of the horror film "Cutting Class," Brad's first

JUST RELEASED: One of America's FIRST Civil War Silver Half Dollars.

As we commemorate the 150th anniversary of the Civil War, collectors are scrambling to add Civil War artifacts to their collections. No collection can be complete without one of the FIRST-EVER Civil War commemorative coins struck by the U.S. Mint: The 1925 Stone Mountain Silver Half Dollar.

Both the coin and the Stone Mountain Memorial near Atlanta, Georgia feature Generals Robert E. Lee and Stonewall Jackson on horseback. The Stone Mountain Memorial was designed by famed sculptor Gutzon Borglum, whose next masterpiece would be the magnificent Mount Rushmore.

Etched in History, Carved in Stone, Struck in Silver!

These 90% silver half dollars were minted in 1925 to raise money for the memorial. Over the years since they were minted, many were spent during the Great Depression, or melted to obtain their precious silver. Today, they can be difficult to find.

Thanks to a remarkable recent discovery, GovMint.com has obtained a limited supply of these desirable Stone Mountain Silver Half Dollars. The detail and relief on these stunning coins make each coin a work of art. It's no wonder they're in such high demand!

Hillary's emails reveal LESBIAN LUST

... and a distrust of Bill

HILLARY Clinton kept close tabs on her wandering-eye hubby, according to emails obtained by The ENQUIRER; she also discussed a health crisis and had a lesbian encounter with a reporter!

One email from Nov. 26, 2012 revealed how the former Secretary of State made sure Bill was actually at home. A footnote at the bottom of the missive read: "HRC RON Washington D.C. WJC RON Chappaqua, N.Y."

HRC, of course, means Hillary Rodham Clinton. WJC refers to her husband, William Jefferson Clinton. RON translates to "remain overnight," sources disclosed to The ENQUIRER.

Another humiliating email revealed the Secretary of State learned of a Cabinet meeting on the radio, and then quickly asked her staff, "Can I go?"

The emails also described the shocking lesbian overtones of an encounter between Hillary and a Wall Street Journal reporter who couldn't get enough of Hillary!

"Tom, she moved that yellow chair as close [as] it went," wrote a Hillary staffer in reference to the incident. "Knee to knee. Amazed she didn't try knee in between knee. And if that wasn't enough, she leaned forward."

Meanwhile, the reporter breathlessly asked, "Hillary ... what do you eat? Drink? Dream about when you sleep?"

Lastly, the emails shed light on a devastating fall she took.

"I'm sorry that I cannot be on the Hill today as we had long planned ... I'll be nursing my cracked head and cheering you on!" Hillary wrote to two staffers on Dec. 20, 2012.

CHELSEA Clinton has secretly undergone a DNA test – and it proves she could be the daughter of Hillary's former law partner and not former President Bill Clinton!

An exhaustive investigation by The National ENQUIRER obtained "touch DNA" samples from both Chelsea and Webb Hubbell, samples that were turned over to a nationally recognized laboratory that specializes in paternity testing.

In a bombshell revelation that threatens to turn Hillary's 2016 presidential campaign into absolute chaos, The ENQUIRER has learned the lab result has been sensationally declared "inconclusive."

A lab official confirmed that finding "does not discount the possibility" that Webb could be Chelsea's biological dad!

THE ISSUE OF 35-year-old Chelsea's paternity has been widely debated and was the subject of an ENQUIRER investigation last year in which we revealed that Bill Clinton confided to a close pal that

CLINTONS'

PATERNITY

Secret DNA tests reveal Chelsea may NOT be Bill's daughter

Webb was actually Chelsea's real father.

After that devastating disclosure, The ENQUIRER set out to acquire DNA samples from Chelsea and Webb. Each autographed books which were quickly and carefully sealed, along with the pens, for lab testing.

The ENQUIRER approached Webb, 67, at a book signing in Durham, N.C., on July 18, 2014. He was promoting his political thriller ironically titled, "When Men Betray."

Webb arrived to a crowd of about 10 people in attendance – including an ENQUIRER reporter posing as a fan.

Our reporter presented a brand new Sharpie pen and a pristine copy of the book. Webb signed his name in the book – and even agreed to place both the book and the Sharpie pen in a protective bag.

"Webb was more than accommodating. He just thought I was some kind of super fan," said the reporter, who also retrieved

a large Starbucks drink that Webb had been drinking from – which was later tested for additional saliva and DNA!

CHELSEA'S DNA was much more difficult to acquire. As a former First Daughter, she's constantly guarded by Secret Service agents or an entourage from her dad's Clinton Foundation – where she serves as Vice Chairwoman. On April 9, however, The ENQUIRER was there as Chelsea spoke about public health initiatives at Harvard University's T.H. Chan School of Public Health in Boston.

The undercover ENQUIRER reporter posed as a high school student visiting Harvard on a college tour.

As Chelsea exited the auditorium, the teenager followed with a new Sharpie and a clean copy of Hillary's authorized biography, "Living History."

"Chelsea, I admire you so much! Can you sign your mother's book for me?" the teen gushed.

Eager to please, Chelsea signed the book for the teenager – who quickly returned it, along with the Sharpie pen tucked inside, to an ENQUIRER reporter.

The samples were taken to a genetics lab in the Southeastern United States – which agreed to do the testing on the agreement that The ENQUIRER not publish its name.

The forensic examination of the samples could not disprove that Webb was ►

THE laboratory hired by The ENQUIRER to examine specimens from Chelsea Clinton and Webster Hubbell used “touch DNA” to conduct the analyses.

“When you touch something, while not visible to the naked eye, you likely leave skin cells on the surface of the object,” an analyst told The ENQUIRER.

The ENQUIRER acquired DNA samples by having Chelsea autograph a copy of her mother’s autobiography, while Webster provided a signature on his book.

The samples were individu-

ally labeled and assigned a number before the DNA was retrieved using a sterile, damp cotton-tipped applicator, much like a Q-tip.

DNA – or deoxyribonucleic acid – is the hereditary material in humans, and is found in each cell of a person’s body.

With the use of an enzyme and a machine called a “thermal cycler,” the DNA is then amplified to reveal a DNA “sequence” that is unique to each individual.

A second procedure used electrical currents to form the samples into unique bands that resemble a “ladder.” Those are fed into a computer to develop a DNA profile.

“This process was repeated for each of the sample items,” the analyst said.

“The resulting DNA profiles of each item were compared against each other, and the results came back inconclusive.”

4	2015-0127-Q04	Clinton Book
5	2015-0127-Q05	Black Sharpie pen #2

Results and Conclusions

No data was generated for the straw from the drink cup, the Hubbell book or Black Sharpie pen #1 (samples 2015-0127-Q01, 2015-0127-Q02 and 2015-0127-Q03, respectively).

An autosomal STR DNA mixture profile of at least two individuals was obtained from the Clinton book (2015-0127-Q04).

A partial (3 of 16 loci) autosomal STR DNA profile was obtained from Black Sharpie pen #2 (2015-0127-Q05). This profile is inconclusive because too few loci were captured.

The mixed DNA profile generated from 2015-0127-Q04 (Clinton book) does not match the partial DNA profile generated from 2015-0127-Q05 (Black Sharpie pen #2).

Chelsea’s father – with the official result being “inconclusive.”

THESE FINDINGS open the door for Hillary and Webb to reveal the true story about Chelsea’s parentage!

“It’s time for Hillary and Bill to reveal the dirty truth once and for all,” Bill’s former aide, Larry Nichols, told The ENQUIRER. “They can’t question DNA!”

In an interview with The ENQUIRER almost a year ago, Larry claimed that Bill once admitted he wasn’t the biological dad of the couple’s only child.

The 64-year-old ex-Clinton confidante said Bill made the shocking admission

during a 1984 conversation at the Arkansas Governor’s Mansion.

At the time, there were rumors that hound-dog Bill – who later confessed to

‘Webb just thought that I was some kind of super fan’

several affairs, including trysts with Jennifer Flowers and Monica Lewinsky – had impregnated a local woman.

Larry told The ENQUIRER Bill “denied that he could have gotten [the local

woman] pregnant.

“His exact words were: ‘I shoot blanks.’ I asked him, ‘Then what about Chelsea?’ And Bill said, ‘Oh, Webb sired her’” – referring to Hillary’s colleague at the Rose Law Firm.

The ENQUIRER then began the DNA probe to determine if Webb is indeed Chelsea’s dad – and the results say he certainly could be!

As a source told The ENQUIRER: “If Hillary and Webb come clean – along with everything else – it also means Chelsea’s baby has a new grandfather!” **NE**

THE autopsy of Bobbi Kristina Brown will hold the key to helping authorities build a compelling murder case against her brutish lover.

That's the view of one of America's top medical examiners, who said the official report will likely find Whitney Houston's tragic daughter died from a lack of oxygen to her brain due to swelling – possibly caused by a savage beating at the hands of Nick Gordon.

"If she was beaten and there was evidence of that beating, the autopsy will show how she sustained a brain injury causing the brain to swell," veteran forensic pathologist Dr. Cyril Wecht told *The National ENQUIRER* in an exclusive interview.

In a stunning move, 26-year-old Gordon has preemptively lawyered up with the one pit bull that could keep him out of jail – the legal eagle that won freedom for accused baby killer Casey Anthony!

The *ENQUIRER* has confirmed Gordon's lead attorney will be Jose Baez, whose no-holds-barred tactics won "Tot Mom" Casey a "not guilty" verdict in the death of her adorable 2-year old

daughter, Caylee.

"Nick is sweating bullets," a source close to the case told *The ENQUIRER*. "But he hopes to become the next Casey Anthony in the event criminal charges are filed against him!"

Bobbi Kristina, 22, had been in a medically induced coma and life support since she was found Jan. 31, facedown in a water-

filled bathtub in the Roswell, Ga., townhome she shared with Gordon.

In a chilling twist to the drama that has engrossed the nation, Bobbi Kristina's family sensationally fingered Gordon for the fatal attack – and slapped him with a \$10 million civil lawsuit.

In court papers, the estate alleged Gordon had attacked

the aspiring singer, “punching her in the face, knocking out a front tooth and dragging her upstairs by her hair.”

In a move that could bolster their bid for justice, Bobbi Kristina's closest girlfriend stepped forward from the shadows last week in an effort to substantiate the bombshell allegations.

“I know of at least four oc-

casions when [Nick] struck [Bobbi Kristina],” Alex Reid said in an interview.

“She also told me about how he had tried to choke her once.”

According to Alex, Bobbi Kristina also told her how Gordon had “hit her in the face and thrown her against a wall!”

While troubled Gordon has remained silent on the allegations, the District Attorney overseeing the investigation continues to probe what happened that night, and could file criminal charges.

“The autopsy will help make a murder case against Nick Gordon,” a law enforcement source told The ENQUIRER.

“It’s a valuable tool, and the evidence from the postmortem exam can be presented to a grand jury.”

Medical evidence collected while Bobbi Kristina was hospitalized will also be added to the case file, said Dr. Wecht, who famously studied the autopsies of President John F. Kennedy, Marilyn Monroe and Elvis Presley.

He said high-tech X-rays can also detect any evidence of “trauma, including fractures, dislocations and injuries to the spinal cord.”

DRUG DEALER'S OVERDOSE DEATH

THE man who confessed to dealing drugs to Bobbi Kristina Brown and Nick Gordon has fallen victim to the illicit substances he sold for thousands of dollars.

Steven Stepho, 22, was found dead of an apparent overdose just four days after Bobbi Kristina was moved to a hospice, The National ENQUIRER has confirmed.

Before his death, Stepho admitted to The ENQUIRER how Bobbi Kristina and her lover sometimes spent about \$1,000 a day on drugs.

“There were times when ... they would be completely passed out for hours,” said Stepho, who was busted twice for heroin possession.

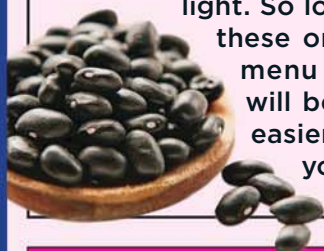

Stepho had entered rehab in an attempt to clean up, but suffered a relapse, a source said. His death on June 28 was confirmed by a Georgia Medical Examiner's Office, which is conducting toxicology tests to determine the exact cause of death.

UTOPSY WILL DER CHARGE!

REAL EYE CANDY!

BLURRED vision is a fact of life as you age. But if you don't have cataracts or glaucoma, you can improve your eyesight by eating certain foods. Black beans are packed with zinc, which slows macular degeneration. Spinach does the same, as do tomatoes, which boast large amounts of lutein. Bilberries – which can be found in supplements – are rich in antioxidants, offering anti-inflammatory effects that help your eyes adjust to light. So look for these on your menu ... it will be a lot easier once you do!

SPOT CLEANING TIPS!

HYPERPIGMENTATION can be embarrassing, but you can save face! First, resist the urge to itch. Scratching and picking will only increase inflammation. The sooner you treat discoloration, the faster it will fade. Pick up an over-the-counter skin brightener with vitamin C, licorice root and kojic acid, which are all effective in inhibiting skin-darkening melanin. Moisturize! Products with glycerin or hyaluronic acid boost cell turnover, clearing blemishes. If all else fails, see a dermatologist. Extremely effective prescription drugs can treat these problems.

Answers for allergies

WARM weather triggers allergies, but you don't have to be a martyr this summer. On dry, pollen-heavy days, stay indoors. Also, wash yourself and your clothes frequently to get pollen off your skin. And don't hang your laundry outside to dry! Use a dehumidifier in the house and air conditioning to keep pollen outside. You can also spray a salt-water solution in your nostrils to clear up sinuses and get rid of mucus and allergens. Now enjoy a sneeze-free summer!

HONE IN ON YOUR HORMONES

HORMONES are your body's chemical communication system – but they don't always deliver good news. Your hormones can go out of balance and cause some major complications. Watch out for warning signs that include low energy, chronic fatigue, nightmares, night sweats and frequent trips to the bathroom. Hormonal imbalances can also lead to couples having problems with conceiving. If you're consistently experiencing any of these problems, then communicate with your physician!

FIGHT SENIOR SPREAD!

AS YOU age, your body won't respond as quickly or effectively to old weight-loss routines! Here are strategies to get back on track: You need fewer calories, so switch to smaller portions. Share food at restaurants – especially with a spouse who might also be looking to lose weight. Make sure your fat intake is below 30 percent of your overall calorie intake. Keep exercising. You can avoid gyms packed with younger folks by joining a Jazzercise class, or some other way to get the activity your body needs as you get older.

LAUNDER YOUR MONEY!

CASH is king, but a dollar bill can be worth more than its weight in germs and bacteria. That kind of dirty money can lead to skin infections, stomach ulcers and food poisoning. New York University researchers identified as many as 3,000 kinds of bacteria on paper currency. The average \$1 bill is 75 percent cotton and 25 percent linen. That cozy setting allows bacteria to thrive – so wash your hands after handling some cash!

GET FIT & FEEL YOUNG

AGING isn't fun, but maximizing your daily health benefits can be enjoyable, especially when you can see – and feel – the results!

Here are five simple things you can do to make yourself healthier and fitter today.

1 EAT AN APPLE A DAY...

... or a pear, or a handful of cherries. What do these fruits have in common, besides being delicious and full of vitamins and fiber? They have relatively low glycemic loads, meaning they don't make a big impact on your blood sugar levels. Other low glycemic-load

2 SHOP THE PERIMETER

Next time you're in the supermarket, stick to the perimeter aisles. That's where you'll find healthier food items such as fruits and vegetables, bread, meats, eggs, milk and juices. It's those inner aisles that are chock-full of prepackaged, processed foods – the kinds that are more closely linked to weight gain and health issues.

fruits include berries, plums, nectarines, peaches, cantaloupe, apricots, grapefruit, oranges, papaya, mangoes and even bananas.

– FROM MUSCLE & FITNESS EDITOR SHAWN PERINE

3 FLEX IT

Flexing muscles isn't just for bodybuilders. The very act of tensing your muscles is a form of exercise that will keep them toned. Flexing also helps push oxygen and nutrients into them by increasing blood flow. So go ahead and make a muscle – not just with your arms, but also by tensing the front and back of your legs, and your chest, stomach and back to get strong without weights!

4 DON'T LEAN

Many of us automatically look for something to lean on while waiting in line. Instead of leaning, stand tall with your back straight,

making sure to shift your weight as you do. Engage your abdominal muscles, too. You'll burn more calories, keep your legs strong and engaged, and avoid any unnatural twisting of your lower back.

5 ENJOY THE BENEFITS

By simply being smart about how you go through your day-to-day activities, you can look and feel better in no time at all! **NE**

TOXIC TIGER'S LIES EXPOSED!

His agent claimed the lovers are 'not even acquaintances' — **but here's the PHOTO PROOF**

WE'VE caught Tiger by his tale! After The National ENQUIRER uncovered Tiger Wood's steamy affair with Amanda Boyd — now the ex-wife of PGA golfer Jason Dufner — his longtime agent re-

leased a statement that desperately denied the affair and even claimed the two had never met.

These photos prove otherwise!

Mark Steinberg told Golfweek The ENQUIRER exposé was "a complete fabrication."

"I couldn't deny this more vehemently," Steinberg said. "There is less than zero strand of truth to it. 100 percent false. 100 percent fabricated and zero credence. Absolutely, unequivocally untrue. They are not even acquaintances."

Photos don't lie: These were taken at the Muirfield Village Golf Club in Dublin, Ohio, on October 3, 2013 — as Tiger sat with then-girlfriend Lindsey Vonn, and was talking with Jason and Amanda!

Proof that Hank's fibbing over TRANSSEXUAL FLING!

A YEAR after The National ENQUIRER exposed his cheating with a transsexual, Kendra Wilkinson's wayward husband Hank Bassett has offered up a ridiculous explanation — he was just trying to buy pot!

The former football pro claimed in a recent interview that he approached a couple smoking marijuana in a grocery store parking lot and asked to score some.

Hank said the pair gave him a phone number and an address. After calling, he showed up at

the apartment, used the restroom and emerged to see two naked transgender women in a passionate embrace.

"I froze," Hank claimed, adding that one of the women then fondled him through his basketball shorts!

"I didn't engage in anything!" insisted Hank, 32.

"It was like a bank robbery. You never know when you'll freeze. I don't know if it was a

Ava

couple of seconds or 15 seconds, because all I was saying was get out, get out, get out."

But The ENQUIRER has proof that Hank two-timed his "Kendra on Top" wife!

In a blockbuster exclusive re-

port in June 2014, Ava Sabrina London, a transgender model and YouTube sensation, told The ENQUIRER that she met Hank in April after "he contacted me through a video I had posted."

She said Hank paid her \$400 for a wild sex romp at her Sherman Oaks, Calif., apartment, and he "absolutely knew" that she was a transsexual.

Tellingly, Ava passed a polygraph test about her version of events — with flying colors!

"There was no indication of deception during the polygraph examination," the nationally renowned examiner, who administered the lie detector test, concluded.

In the wake of his lies, a source told The ENQUIRER:

and Amanda. The brunette beauty is just behind Tiger, beaming with a smile.

"I can't believe his agent would say Amanda and Tiger are not even acquaintances," marveled an insider.

"The photographs clearly prove they are!

"Not only were Tiger and Amanda acquaintances, Jason and Tiger were friendly - at least until Jason found out about the affair!"

This isn't the first time Tiger's agent denied the golf legend's cheating ways.

After The ENQUIRER broke the sordid story behind Tiger cheating on then-wife Elin Nordegren in 2009, Mark insisted he knew nothing about his client's "multiple affairs."

Steinberg told Golf.com that he was in California when Tiger crashed his car outside his Florida home on the morning of November 27, 2009. Tiger was fleeing a domestic dispute after Elin had read The ENQUIRER's report about his mistress Rachel Uchitel.

- ALAN BUTTERFIELD

"After a year, couldn't Hank have come up with a better explanation than this? It's ridiculous!"

The insider added: "If Kendra is buying this flaccid story, she's a bigger fool than anyone thinks!" **NE**

SHIMMERING SHANIA!

She unveils hot new look to get back at hated rival and ex-hubby

SHANIA Twain has turned her big farewell tour into a big kiss-off to her ex-husband!

Seven years after catching him cheating with her best friend, Shania's doing everything she can to upstage her hated rival, sources told The National ENQUIRER.

"Shania's got a body to die for now," said a family friend.

"She's ready to show it off so her ex can see what he threw away!"

The 49-year-old singer has gone blonde for the "Rock This Country" tour, and longtime fans are shocked by Shania's sexy makeover.

The Canadian-born songstress was happily married to Robert "Mutt" Lange - who produced four of her hit albums - for 14 years.

That was before she caught the cad having an affair with her BFF, Marie-Anne Thiebaud!

According to insiders, the lingering hurt inspired Shania to work out "like a demon" to get ready for this year's concerts. "She's still a little obsessed by what

happened," the insider told The ENQUIRER.

As The ENQUIRER reported at the time, Shania divorced Mutt in 2008 - and, in a bizarre romantic twist, fell in love with Marie-Anne's jilted husband!

"When that happened," Shania revealed, "I thought, 'Forget it, this is more than I can handle - I'm never going to sing again.'"

SHE MARRIED Marie-Anne's ex, Swiss-born Nestlé exec Frédéric Thiébaud, in 2011. Shania has kept civil relations with Mutt for the sake of their 13-year-old son, Eja - but the same can't be said about her former friend!

"I don't see her - ever," Shania said about Marie-Anne.

Shania - whose 1997 album, "Come On Over," remains the best-selling country record of all time - is eager to gush over Marie-Anne's ex-hubby, though.

"Fred wears a lot of hats," she told a reporter. "So being together a lot, it's a very multidimensional life."

Shania confessed that before meeting Fred she "felt very insecure and inadequate."

Calling him "my partner," she added: "[We] live our lives in tandem. We're together a lot."

"It's bizarre how things worked out with Shania and Mutt," the source told The ENQUIRER. "But that's why there's country songs!" **NE**

MARK your calendars for Ellen and Portia's flashy gay TV wedding!

To celebrate gay marriage being made legal nationwide, Ellen DeGeneres has asked Portia de Rossi to renew their vows - in a lavish wedding special on national television!

"Ellen thinks a big gay wedding on TV would be a huge hit," said a source. "She believes that more than 20 million American viewers could tune in, with millions more overseas!"

"She can also stream it on her Internet channel, 'Ellentube.'"

The talk show host wants to invite all her celebrity pals, in-

Shania's ex-husband, Mutt, and her best friend, Marie-Anne, had an affair

ONE ELL OF A TV SPECTACULAR!

Ellen and Portia to renew their vows on screen in front of celebrity buddies

cluding well-known married gay couples Elton John and David Furnish, and Neil Patrick Harris and David Burtka, to the blowout, said the source.

"Ellen's convinced she can make a bundle on such a special, and show everyone that her marriage to Portia is rock solid and better than ever!" the insider added.

With the U.S. Supreme Court ruling on June 26 that individual states cannot ban same-sex marriage, Ellen thinks the timing is perfect, the source said, and she was clearly thrilled at the landmark decision.

"Love won. #MarriageEquali-

ty," Ellen tweeted to her nearly 45 million followers.

A RENEWAL of vows couldn't come at a better time for the tempestuous twosome.

Ellen, 57, and Portia, 42, reportedly got into an "epic blowup" over Portia's career after returning home from a South African vacation.

"This could save them," said the source.

The couple's splashy "I do" would be a far cry from their first wedding when they got hitched at their Los Angeles home on Aug. 16, 2008, in front of just 19 guests.

Ironically, as The National ENQUIRER reported at the time, it was Ellen who wanted the nuptials to be intimate and low-key. "Portia wanted to trumpet their lesbian wedding to the world and make it a lavish fairytale event," an insider told The ENQUIRER back then.

"She set her sights on inviting family and friends from her native Australia, the gang from her 'Arrested Development' series, the staff from Ellen's show, celebrity pals

and big names from the gay community.

"But Ellen told Portia, 'This isn't about how many friends we can invite. This is about us. I want a wedding, not a circus.'"

The source said: "Now it's Ellen who wants to go crazy on the renewal of their vows, while Portia thinks it shouldn't be over the top.

"But, in the end, Portia will always go along with what Ellen wants."

David Furnish and Elton John, along with David Burtka and Neil Patrick Harris, are set to attend the nuptials

CARRIE & MIKE CLASH over having more kids!

COUNTRY star Carrie Underwood should be beaming over her new baby but is instead hiding a raging marriage crisis!

Just months after she gave birth to son Isaiah, her hockey pro husband, Mike Fisher, is ready to walk out if she won't have more kids!

"Early in their marriage, Carrie agreed with Mike that she wanted a large family," an insider told The National ENQUIRER. "But now she's backtracking, and Mike is furious!"

Carrie's husband was hoping to have seven kids

While Carrie, 32, has gushed about the joys of motherhood, she's chosen showbiz over having more kids.

The source revealed: "She's been on an emotional roller coaster - having meltdowns over her weight gain, and even over choosing a family car!"

The celeb couple married in July 2010. In 2012, Canadian native Mike publicly said he wanted at least

seven children, while Carrie insisted she only wanted two or three.

Mike believed Carrie was on board for a quickie second pregnancy. He even signed an \$8.8 million two-year contract with the Nashville Predators to keep the family settled.

"As part of their original bargain, Mike agreed to stay in Nashville before moving to Ottawa to raise their family," the friend told The ENQUIRER.

"Something's got to give, or Carrie's going to be singing about her broken marriage!"

LONELY BOB'S \$70 MILLION GIFT

'Price Is Right' legend's planning to donate to animal groups

GAME show legend Bob Barker, forlorn and forgotten at 91, is determined the animals he loves will split his \$70 million fortune!

"The Price Is Right" host is "painfully alone at a time when his spirits could use a lift," said a friend. "He had an amazing career, and has done so much good work as an animal rights activist, but his retirement hasn't been as fulfilling as he'd hoped.

"He's invited to events hosted by animal rights groups, but hardly anyone checks in

with him regularly.

"Bob has complained: 'I'm alone, and I feel like that every day.'"

After hosting game show "Truth or Consequences," Bob served a record-breaking 35-year run on "Price Is Right." He was ousted in 2007 and replaced by Drew Carey in a reported move to attract a younger audience.

A sexual harassment controversy, initiated by "Price Is Right" model Dian Parkinson filing a lawsuit following a three-year affair, also damaged his reputation.

The harassment claims made by model Dian sullied Bob's reputation

Mel Brooks turns tears into laughter at Van Patten memorial service

Film vets Dick and Mel were great friends and occasional colleagues

TELEVISION legend Dick Van Patten drew a crowd of showbiz greats to his memorial service – and The National ENQUIRER was there!

The mourners included comic genius Mel Brooks, who marked his own 89th birthday while reminiscing about his old friend.

"Mel showed up late because he said he'd been at the racetrack," said an eyewitness.

"That was one of the things Dick had introduced him to."

Mel then entertained the crowd for almost five minutes while praising Dick's work in comedies, including "High Anxiety" and "Spaceballs."

"I loved working with Dick Van Patten.

Had he been a baseball player, he would have been a great utility infielder," said Mel.

"He could play any position!"

Mel also joked: "Dick gave everything – he never picked up a check!"

The memorial service for Dick, who passed away on June 23 at the age of 86, was held on June 28 at the tennis court at his home in Sherman Oaks, Calif.

Betty Buckley, who played his TV wife on "Eight Is Enough," sang "Amazing Grace" for Dick's family, her fellow "Eight Is Enough" cast members, celebrities like David Hasselhoff, Florence Henderson, singer Gavin Rossdale, Robert Blake, "Hollywood Squares" host Peter Marshall and many more.

"Bob feels like he was put out to pasture by Hollywood," said the source. "He says people in Hollywood have long memories, and the sexual harassment charges unfairly clung to him."

He's long battled back problems, suffered two strokes and grappled with skin cancer and failing eyesight. His wife of 36 years, Dorothy Jo, died in 1981, and the couple had no children.

BOB'S NOW dead-set on dying broke, said sources, by giving away his vast fortune to animal groups.

He's already donated \$5 million to the Sea Shepherd Conservation Society, and \$2.5 million to People for the Ethical Treatment of Animals.

Last year he shelled out \$700,000 to move three aging elephants from a Toronto zoo to a wildlife preserve in California.

The friend said: "Bob doesn't have many joys left in life, but one is seeing his money used for good while he's still alive."

END OF THE ROAD FOR ELVIS' PAL JACK

Carter was The King's number one funnyman

JACK Carter, who starred alongside Elvis Presley in the iconic 1964 musical "Viva Las Vegas," died of respiratory failure on June 28, four days after turning 93.

"Jack played himself in the movie," a showbiz insider told The National ENQUIRER, "and he and Elvis hit it off. Jack made him laugh so much that at one point they held up production for 15 minutes because Elvis couldn't keep a straight face."

The Brooklyn-born comic, who was The King's favorite funnyman, practically invented the late-night monologue when he hosted a series of variety shows at the dawn of network television in the late 1940s.

Back then Jack opened the shows with a stand-up routine based on the then-novel device of using the news to launch jokes in his rapid-fire style.

"This guy was the machine gun of comedy - rat-a-tat-tat," recalled his friend and fellow comedian, 85-year-old Pat Cooper.

"Not just onstage. He'd go into the bank and say, 'If I'm giving you \$10,000, you

should wait on line for me.'"

Jack's jokes earned him gigs at New York's Copacabana and the Desert Inn in Las Vegas, where he encountered Elvis.

He also appeared on the Ed Sullivan, Dean Martin and Jackie Gleason shows, as well as numerous TV series, and was a guest on five Bob Hope specials.

"But he always said working with Elvis was one of the best things he'd done," said the insider. "Now he'll be working with The King again." **NE**

WEDDING BANDS COME OFF FOR NICOLE & JOEL...

As he's caught canoodling
with 'Bachelorette' star

NICOLE Richie is fuming over her rocker husband Joel Madden ditching his wedding ring and picking up "Bachelorette" vixen Kaitlyn Bristowe!

This latest cheating scandal brings the couple closer than ever to ending their marriage, pals told The National ENQUIRER.

"It seems to be all over but the shouting - which disappoints friends who have been urging them to work through their problems," an insider said.

Joel, 36, was caught by The ENQUIRER without his wedding ring on June 21, and both were without rings on July 1. She is often ringless: The ENQUIRER caught the jilted fashion designer without it as far back as April.

That was before the revelation that Nicole's husband got cozy with 30-year-old Kaitlyn at a L.A. nightclub June 4, after Joel and his twin brother, Benji, performed at a benefit as The Madden Brothers.

Joel raced to the VIP area

and immediately whisked Kaitlyn away for an intimate talk.

The insider reported Joel insisted to Nicole, "he was just doing a little PR" to pro-

mote his rock duo, but his wife "wasn't having any of it."

"This is a pattern of behavior, not an isolated incident, in Nicole's eyes," the source dished.

"She told Joel that kind of behavior is embarrassing and demeaning!"

Now pals are saying Nicole, 33, is finally fed up with her wandering hubby.

"She says she isn't going to be some little housewife, sitting at home with the kids and wondering what her husband is doing," the friend added.

"Nicole has too much pride for that!"

In June, Joel was pictured getting cozy with Kaitlyn

major role. The pair quickly fell in love and got engaged. Three months later, Jill was making a different movie, and in love with a different man!

"She's the woman who broke Brad's

heart, and the love he'll never forget," said another pal. "Angie knows that, too, which is why she's against them ever getting back together!"

"She doesn't want Brad pining after another woman - so after Brad told her about Jill, Angie made it clear there won't be any cozy reunion!"

Jill has suffered her own share of heartbreak. Her relationship with the director didn't work out, and Jill later concentrated on motherhood after marrying film composer Anthony Marinelli in 1993.

Her son, Dante, was born in 1995, and another son, Zachariah, in 1997 - with Jill divorcing her husband in 2002. She then began a long relationship with jazz bassist Dave Carpenter.

On June 24, 2008, Dave tragically died of a heart attack at 48 years old. Jill was devastated - but Angie has no intention of giving Brad's first love a chance to mull over the past with her husband.

Said a source: "Angie's already declared that he's not to mention Jill's name again!" **NE**

Enquiring minds want to know

Caitlyn TOO TALL for TV?

YOU won't see "Dancing with the Stars" pro Maksim Chmerkovskiy waltzing with Caitlyn Jenner - because it's too tall a task!

Producers would love to get Caitlyn on the next season of "DWTS." The beauty formerly known as Bruce would follow Chaz Bono as the show's second transgender celebrity.

But matching the 6-foot-2 lady with a partner won't be easy!

"Maks has no problem personally with Caitlyn," a source assured All The Buzz.

"It's simply a matter of body type. Caitlyn is 200 pounds, and almost the exact same height and weight as Maks.

"It would be nearly impossible to do

elaborate dance routines with someone that size."

Producers were relying on Maks' return to "DWTS" as part of the deal, since Caitlyn would tower over most male dancers in the biz.

Her fashion sense could be a problem, too. Caitlyn's been turning heads in different outfits like a low-cut blue dress - but is always sporting black high heels!

"Maks finally said, 'Thanks, but no thanks,'" confirmed the source.

At least Caitlyn can take comfort in the enthusiasm of Derek Hough. The 5-foot-10 dancer has already told producers: "I'm up for the challenge!"

Bea's golden years retreat

BEA Arthur could've retired on the profits that will be made from the late "Golden Girls" actress' beautiful Brentwood, Calif., estate.

The property was purchased for \$551,505 in 1980. The current asking price is \$16 million – but that will get you a home that feels more like a resort.

The 5-bedroom, 6-bath residence even has its own hiking paths.

Redfin agent Alec Traub said: "The Mediterranean-style home offers more than 7,000 square feet of living space.

"Bea must have enjoyed entertaining her friends in the formal living room, or by the gorgeous pool outside!"

Barry's OTHER MAN!

POP star Barry Manilow might pop past gay marriage and straight into a male harem!

As revealed by The ENQUIRER, gossip was brewing about what Barry's 2014 nuptials with longtime manager Garry Kief meant for his boytoy, Scott Nevins.

The stand-up comic, 34, stars on the Bravo reality show "The People's Couch," and was seen with Barry so often that pals thought the two were more likely to get married! The two celebrated Barry's 72nd birthday on June 17, in New York City – and this pic posted on social media shows the pair closer than ever – before Garry showed up on the scene!

Hamm packed

NEW photo evidence raises the question whether "Mad Man" star Jon Hamm was given the old heave ho' by longtime love Jennifer Westfeldt! We caught the dashing ex-Don Draper, 44, shuffling out of the pair's Los Angeles residence with a fully stuffed duffel bag.

The two haven't been photographed together since March – and pals of Jennifer, 45, had reportedly begged her to end the 17-year relationship!

Jon's recent 30-day rehab stint also took a toll on the couple, along with rumors of him getting close to his former co-star Elisabeth Moss.

Classic ENQUIRER

THE O.J. Simpson trial was in full swing this week in 1994 – and The ENQUIRER had exclusive pics of Nicole Simpson vacationing with two men right after her 1992 divorce! We showed Nicole with both ex-lover Keith Zlomsowitch and new man Brett Shaves. Either could've been mistaken for the slain Ron Goldman on a dark night!

Hulk's courtmania!

A JUDGE slammed Hulk Hogan with a dress code before his lawsuit over his stolen sex tape could start!

The wrestling legend is suing a website for publishing pics from his private movie – and Circuit Judge Pamela Campbell has ruled that Hulk can only wear one "plain bandana" in her Florida courtroom!

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. **ENQUIRER** columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

WHY DOES MY DOG STINK?
 I adopted a 5-year-old Poodle Mix. He's adorable, but stinks. He makes my whole house smell! I think it's his teeth. Is there a mouthwash for dogs?

It's not necessary to be a doctor to diagnose the source of the odor you describe. About 99 percent of foul odors will be from four areas: mouth, ears, skin and anus. Use your eyes and nose to pinpoint the source. You can confirm it's his mouth by opening it, retracting the lips and observing tartar, receding gums and/or exposed tooth roots.

If this is the case, you should

seek immediate care. The odor is evidence of an ongoing infection. Cleaning the teeth and performing extractions, if needed, will eliminate the odor – and help to prolong his life.

Continued home care will lessen the need for repeat visits to treat the same problem.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

CELEBRITY WORD MATCH

Find a word that can follow the word on the left and precede the word on the right. When you've filled in all the answers, the name of a celebrity can be read from top to bottom in one of the lines.

Thousands of Plastic Surgeons Could Go Out of Business by 2017!

“When Dr. Oz featured phytoceramides on his TV show, he didn’t realize he might be responsible for putting thousands of doctors out of business.”

By Steph Weller

NEW YORK: Plastic surgeons are angry. And for good reason. The U.S. launch of the new “face-lift pill”, **Dermex-P**, might have them scrambling for new careers. Their “bread and butter” business; making older faces look young again, could go away tomorrow.

In a time when 50 is the new 30, the pressure to look younger is greater than ever. Perhaps this is why Americans spent over \$12-billion on anti-aging products and procedures — just last year. A number that had doctors and cosmetic manufacturers doing a jig in 2014 — but “not for long!”

Doctor Oz Exposes Hollywood’s “Age-Curing” Miracle to the World!

When TV’s **Doctor Oz** featured phytoceramides (the key ingredient in Dermex-P) on his show, he didn’t realize the damage he was doing. Everything that **Doctor Oz** said about the ingredient was true. “This is no ‘old wives tale’. It’s a scientific fact! The clinical tests are indisputable,” said one industry insider. And that’s the problem. It works too well! And that’s exactly what has estheticians and the cosmetic industry so worried. That would mean products and services like facials, Botox® injections and other means of making yourself look younger could soon be obsolete.

According to **Doctor Oz**, a recent clinical study conducted at Osaka City University in Japan proved the effects of phytoceramides on 6 men and 27 women. Each had wrinkles, age lines and sagging skin conditions that made them look years older than they actually were. Typically, their skin was dry, inelastic, wrinkled and old-looking.

Real Stories, Real Results

“My husband left me for a younger woman last year and he took my self-esteem with him,” says 50 year old Lydia S. of Tampa, FL. “When I read an article about Dermex-P and how its main ingredient was clinically proven to restore a youthful appearance, I thought, “Why not?”. Lydia goes on to say with a smile, “What they say is true, living well is the best revenge. I have my confidence back and am dating men half my age. My friends and family cannot believe the difference!”

54 year old Joan from Phoenix, Arizona says “After using Dermex-P for four weeks, I looked in the mirror and felt like a 30 year old with 24 years of experience!”

What Would You Choose...

The study concluded when administered daily, the phytoceramides used in Dermex-P would moisturize and hydrate old skin to *identically mimic* the skin of people in their early 20’s. **Phytoceramides reverse wrinkles** through a process called elastase suppression and collagen production. Simply put, Dermex-P plumps away wrinkles using your body’s own collagen. And keeps your skin moist and smooth much like a humidifier keeps cigars fresh.

Not a Cream, Cover-up or Surgical Procedure

Dermex-P isn’t a drug, a cosmetic, or a messy cream. Dermex-P is something completely different. There are no needles involved — you don’t even need a **prescription** for it.

“9-out-of-10 users report; people accuse them of having surgery” says researcher, Joel Carson. **Dermex-P** actually youthens every cell in your body! Wrinkles fade, fine lines vanish and your skin is flooded with new moisture — from the inside out.

Doctors say **Dermex-P** is so effective, that in most cases, there’s no reason for anyone to go “under the knife”. It just works better! And because you take phytoceramides orally (through the mouth) instead of topically (on the skin), not only will the skin on your face look young — *virtually every organ in your body gets younger too.*

“I’ve seen some people start taking them and look like a different person just a month later!”

Says supplement manufacturer, Daniel Dembinski; “**Doctor Oz** was right! Phytoceramides are remarkable! I’ve seen some people start taking them and look like a different person just a month later. I know it sounds crazy but you can’t argue with facts. The pill is a better, more effective method than anything I’ve seen.”

Plastic surgeons aren’t the only ones furious about the U.S. release of Dermex-P. Hollywood execs are nervous about the launch too.

Celebrities make their fortunes on their looks. It’s what separates them from us. And today, the younger you look, the more acting jobs you get. Surgery and estheticians give celebs the edge over us mortal folk. But if everyone looked younger, Hollywood execs fear their stars may lose their appeal.

“It hydrates old skin to identically mimic the skin of people in their early 20’s”

Until recently, unless your name was **Angelina Jolie**; or you were married to **Donald Trump**, you had no idea what phytoceramides were. But now with the public release of Dermex-P; phytoceramides are available to all— and shockingly affordable too.

Aging is Inevitable, Wrinkles are Not!

According to top plastic surgeons, **Dr. Shirley Madhere** and **Dr. Leif Rogers**, phytoceramides work underneath your skin to reverse aging. It’s instantly absorbed into the bloodstream, and is carried directly to the inner and outermost layers of your skin - restoring it on a cellular level. It just makes a lot more sense than other methods.

“This will undoubtedly have a tremendous impact on the future of cosmetic surgery. It has to.

Dermex-P is drastically cheaper in comparison. And it gives you shockingly similar results,” says one successful Beverly Hill’s surgeon. “The medical community is up in arms because the average cost of a facelift is about ten thousand dollars; and the recovery time is painful and can take as much as 2-3 weeks! We will soon start to see the trend steering away from medical procedures to a safer, more inexpensive solution like Dermex-P”

The distributor of Dermex-P is offering a **100% Risk-FREE 30-day trial supply to anyone who asks.** They say, it’s the best way for people to see for themselves how well it works. Try it for 30 days — if your wrinkles don’t disappear from your entire face and neck, return the bottle, even if totally empty. You’ll be completely refunded — no questions asked. But no one’s promising this offer will stay open forever. Considering the demand for Dermex-P, the FREE trial supply could prove too costly for the company to keep up with. That’s why it’s important to call now before the FREE trial is no longer available.

We will also send you a FREE GIFT just for trying Dermex-P and of course you are backed by our unconditional 30 Day Money Back Guarantee on all of our products. It’s that easy! Call **1-800-990-1256** now before this offer is closed forever.

The wannabe superhero has the largest collection of Superman memorabilia on Earth

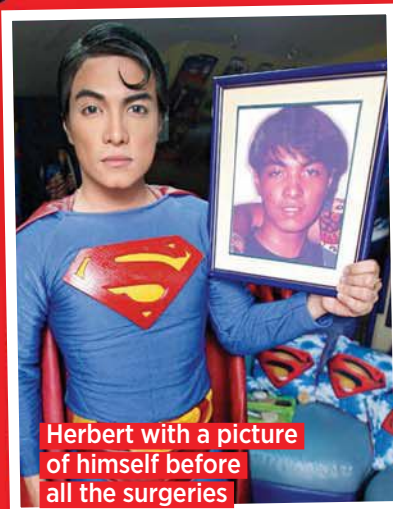

SUPERMAN OR SUPERFOOL?

MEET the new Man of Steel - um - plastic!

Herbert Chavez has had his nose fixed, his skin whitened, his gut sucked out, his jaw realigned and fillers pumped into his face and body to transform himself into the spitting image of Superman!

The 37-year-old pseudo-Superman regularly patrols the streets of his hometown in the Philippines in his red and blue costume and cape.

"I feel like a superhero whenever I pull on the costume," said Herbert, who

Herbert with a picture of himself before all the surgeries

owns the largest collection of Superman memorabilia on this planet, at least - according to the Guinness Book of World Records.

He's been undergoing plastic surgery procedures for

*Obsessed fan who's had **multiple surgeries** to look like his favorite hero*

the past 18 years, and the costume isn't the only thing he pulls on. "My cleft chin is formed of hydrogen, but it does not always appear balanced. The more dehydrated you get the smaller it gets, so you have to keep adding to it," said Herbert.

Now, the ersatz superhero is seeking artificial abs of steel, but local doctors think that he's more nuts than special - especially after they found out he's been injecting himself with illegal fillers for years!

In fact, the do-it-yourself makeover may be Herbert's

Kryptonite. Doctors have warned him that further injections to give him a plastic six-pack could actually kill him!

Dr. Terry Dubrow and Dr. Paul Nassif of the E! series "Botched" blasted the illegal fillers as "poison," and refused to give him the abdominal implants.

"This Superman needs to get into the gym," said Dr. Dubrow. "Abs of steel should be gained by exercising and eating right - not surgery."

And that's how Herbert flew to the top of this week's Odd List! **NE**
